### **Friday Update from Bishop Cherry**

#### **Church buildings**

A very gradual easing of the lockdown restrictions is now being rolled out (though in different ways and at different speeds across the UK) and with this comes a renewed hope of at least some services recommencing in our church buildings. A number of clerics have asked about plans to return to our churches and I am aware that some are already working out ways of being able to do that safely.

The Bench of Bishops, along with our legal team, is in almost daily discussion about this, particularly in the light of the ordinations that were due to take place at the end of June. The

Archbishop, on behalf of us all, is liaising with the Welsh Government to agree what might be possible.

I have to stress that, for the moment (Friday morning), ***there is no change in the regulations***. We will, of course, be communicating any changes as soon as they are agreed but for now, our churches must remain closed except to the one cleric (with a member of their household, if necessary) who may enter in order to live-stream an act of worship. The virus is transmitted not just through the air, but via hard surfaces, books and soft furnishings.

I realise that this may be a frustration, but our priority must remain the safety and wellbeing of everyone. As we continue to wait, I remain extremely thankful to God for the faithfulness of clerics and laity alike. Prayer and worship are ongoing, pastoral care for one another is as strong as ever and our commitment to the poor and marginalized continues to be demonstrated through food banks and other charitable work. Thanks be to God.

**Grants** for community-based groups are available from Community Foundation Wales. [www.communityfoundationwales.org.uk](http://www.communityfoundationwales.org.uk) CFW runs the Wales Coronavirus Resilience Fund, which is funded from a mix of funding, but largely from NET. To date the fund has disbursed near to £550K to nearing 300 community-based groups across Wales. Please do consider using them if you have projects that require funding.

They have also begun to make larger (up to £15K) grants to charities and groups that support victims of domestic violence; recognising that, sadly, there is probably going to be a 'tsunami of need' as the constraints in place to deal with the pandemic gradually are eased.

### **Thy Kingdom Come (TKC)**

TKC is now a global movement of prayer between Ascension Day - May 21<sup>st</sup> this year - and Pentecost, May 31<sup>st</sup>. This year, Christians across the world are being urged to pray for five people, perhaps friends or family members, to come to know the love and peace of Jesus Christ. There are plenty of ideas as to what we might do as individuals, but also what church communities might do, even though we cannot gather together. The theme is Prayer and Care: caring for those you are praying for and praying for those you are caring for. All the information and ideas can be found at [thykingdomcome.global](http://thykingdomcome.global)

We continue to pray for the many families that have been bereaved, particularly as a result of the virus, and also for those who have had to forego treatment and operations for other conditions. And we give thanks for all care workers, our hospital and hospice chaplains and our clerics who are taking funerals; some of them, an extraordinary number each week.

May the peace of God which passes all understanding keep our hearts and minds in the knowledge and love of God and of his Son, Jesus Christ our Lord.

Rev John Collier delivered a car full of donations collected for the Goytre food bank.

One of the parishioners in Newport North MA donated 500 strong carrier bags to the foodbank as they were running out.
